

12th International Conference Ciac 2024: Virtual Event May 10-12, 2024

A Prestigious Gathering of Minds in Artificial Intelligence and Computing

The 12th International Conference on Computational Intelligence and Communication (CIAC 2024) is an esteemed virtual event that will take place from May 10-12, 2024. This highly anticipated conference will bring together the brightest minds in the fields of artificial intelligence (AI) and computing, including renowned researchers, industry leaders, and academics from across the globe.

CIAC 2024 will provide a unique platform for the exchange of knowledge, ideas, and innovative research findings on the latest advancements and future trends in AI and computing. Attendees will have the opportunity to

engage in thought-provoking discussions, collaborate with peers, and explore the transformative potential of these technologies.

Key Themes and Tracks

CIAC 2024 will delve into a wide range of topics related to AI and computing, with a focus on the following key themes:

- Machine Learning and Data Science
- Big Data and Cloud Computing
- Blockchain and Distributed Ledger Technologies
- Internet of Things (IoT)
- Computer Vision
- Natural Language Processing

The conference will feature a series of parallel tracks, each dedicated to a specific area of research within AI and computing. These tracks will include:

- Machine Learning and Data Mining
- Big Data Analytics and Visualization
- Cloud Computing and Distributed Systems
- Blockchain and Cryptocurrency
- IoT and Smart Devices
- Computer Vision and Image Processing
- Natural Language Processing and Speech Recognition

Keynote Speakers and Invited Talks

CIAC 2024 will feature a distinguished lineup of keynote speakers and invited talks from world-renowned experts in the field. These speakers will share their insights on the latest advancements in AI and computing, and discuss the potential impact of these technologies on various industries and society as a whole.

Call for Papers

Researchers and practitioners are invited to submit original and unpublished research papers for presentation at CIAC 2024. The conference welcomes submissions on all aspects of AI and computing, including theoretical foundations, algorithmic developments, applications, and case studies. Papers should be submitted electronically through the conference website by the deadline of October 31, 2023.

Publication and Indexing

All accepted papers will be published in the conference proceedings and submitted for indexing in leading academic databases such as Scopus, Web of Science, and Google Scholar. Selected high-quality papers will be invited for publication in special issues of reputable journals.

Registration and Participation

Registration for CIAC 2024 is now open. Early bird discounts are available for those who register before March 31, 2024. The conference will be held virtually, allowing participants from around the world to attend and engage with the speakers and attendees.

The 12th International Conference on Computational Intelligence and Communication (CIAC 2024) is shaping up to be an exceptional event that will bring together the leading minds in AI and computing. With its distinguished lineup of keynote speakers, invited talks, and a wide range of research tracks, CIAC 2024 is an unmissable opportunity for researchers, industry experts, and scholars to connect, learn, and shape the future of these transformative technologies.

Mark your calendars for May 10-12, 2024, and join us at CIAC 2024 for an unforgettable virtual experience that will ignite your imagination and inspire your research endeavors.
