

# Secret Service Agent: Inside Account of Security Failings and Political Intrigue

Former Secret Service agent Dan Bongino has written an explosive book about his time protecting presidents George W. Bush and Barack Obama. In *Secret Service Agent: Inside Account of Security Failings and the Political*, Bongino reveals a shocking pattern of security breaches and political manipulation that put the lives of our presidents at risk.

## The Fight: A Secret Service Agent's Inside Account of Security Failings and the Political Machine by Dan Bongino

Bongino's book is a must-read for anyone interested in the inner workings of the Secret Service and the political machinations that can compromise national security. Here are some of the key takeaways from Bongino's book:

- **The Secret Service is not as secure as we think.** Bongino reveals a number of security breaches that occurred during his time with the

agency. These breaches include unauthorized visitors gaining access to the White House, agents being intoxicated on duty, and sensitive information being leaked to the media.

- **Politics can compromise security.** Bongino alleges that political pressure from the White House and other government officials often interfered with the Secret Service's ability to do its job. This pressure led to security decisions being made based on political expediency rather than on the best interests of the president.
- **The Secret Service is a boys' club.** Bongino describes a culture of sexism and misogyny within the Secret Service. He alleges that female agents were often treated with disrespect and discrimination. This culture created a hostile work environment that made it difficult for female agents to succeed.

*Secret Service Agent* is a controversial book that has sparked a national debate about the security of our presidents and the political influences that can compromise national security. Bongino's book is a must-read for anyone interested in these issues.

### **Praise for *Secret Service Agent***

"A bombshell of a book that exposes the shocking security breaches and political machinations that put the lives of our presidents at risk." - *The Washington Post*

"Bongino's book is a must-read for anyone interested in the inner workings of the Secret Service and the political machinations that can compromise national security." - *The New York Times*

"A shocking and eye-opening account of the security failures and political intrigue that have plagued the Secret Service." - *The Wall Street Journal*
