As the healthcare landscape continues to evolve, nurses play an increasingly critical role in delivering high-quality, patient-centered care. Nursing diagnoses serve as the foundation for effective nursing interventions, ensuring that patients receive the most appropriate and individualized treatment plans.

Introducing the groundbreaking **Nursing Diagnoses 2024: 14 Definitions and Classification**, the latest evolution in the field of nursing diagnosis. This comprehensive guide has been meticulously updated to align with the newest taxonomy from NANDA International (NANDA-I), providing nurses with an indispensable tool for accurate and reliable diagnosis.

### Key Features and Benefits

- **Comprehensive Coverage:** Encompasses all 14 domains of the NANDA-I taxonomy, including health promotion, nutrition, elimination, and cognition.
- **In-Depth Definitions:** Provides detailed explanations of each nursing diagnosis, ensuring a clear understanding of the underlying concepts.
- **Classification System:** Organizes diagnoses into logical categories, facilitating quick and efficient retrieval of information.
- **Diagnostic Reasoning:** Guides nurses through the process of collecting and interpreting patient data for precise diagnosis.
- **Evidence-Based Practice:** Integrates the latest research findings and best practices into the diagnostic process.

## Why Choose Nursing Diagnoses 2024?

With its comprehensive coverage, in-depth definitions, and user-friendly format, **Nursing Diagnoses 2024** is the ultimate resource for nurses seeking to enhance their diagnostic skills. This essential guide:

- Empowers nurses to deliver evidence-based care, ensuring optimal patient outcomes.
- Facilitates communication among healthcare professionals, fostering a cohesive and collaborative patient care environment.
- Prepares nurses for the future of nursing, aligning with the latest standards and best practices.

### About the Author

**Dr. Marilyn E Doenges** is a renowned nursing theorist and researcher with over 50 years of experience in the field. She is a co-founder of NANDA-I and has played a pivotal role in the development of the NANDA-I nursing diagnosis taxonomy.

**Dr. Mary C Moorhouse** is an experienced nurse and researcher who has been actively involved in the development of nursing diagnoses for over three decades. She has served as a member of the NANDA-I Board of Directors and is passionate about advancing the science of nursing diagnosis.
